What is the proudest moment of your time at The Malvern School?

My proudest moment was being promoted to Director of Education and opening The Malvern School of Medford in 2010. Being a part of a school from the beginning is such a rewarding experience!

What do you like most about our program or what do you think sets us apart?

I believe the split and switch times within our program sets us apart. Small group/individualized learning is so important for a child's development, and such a big part of our day. I am proud that we are able to focus on each child as an individual.

What do you enjoy in your free time?

I enjoy spending time with my husband and children, going to the beach, and taking day trips.

Any unique or fun facts about yourself?

I spent a semester abroad in Australia in college and learned how to surf. For an ecology class we lived on a tall ship for 12 days and were the crew on the ship.

What is your favorite children's book?
