

FOR EARLY CHILDHOOD EDUCATION

Christine David

Lead Teacher

The Malvern School of Erial

Since 2005

What is the proudest moment of your time at The Malvern School?

When a parent enrolled her daughter because she was really impressed with my interactions with her during the tour. She said she toured other schools but her daughter just kept talking about Miss. Christine!

What do you like most about our program or what do you think sets us apart?

I believe there are several things that sets us apart from other schools. I really like how we make health and safety of the children a top priority. I specifically like how we incorporate the character and values into the monthly themes.

What do you enjoy in your free time?

I enjoy spending time with my family, online shopping, listening to music, and cooking.

Any unique or fun facts about yourself?

I'm the youngest and only girl out of three and the mother of five children. I've never been camping before, I cannot swim, and one of my favorite things to eat is sushi.

What is your favorite children's book?

David Goes to School by David Shannon
