

FOR EARLY CHILDHOOD EDUCATION

Jodi Chance

Assistant Teacher

The Malvern School of Erial

Since 2004

What is the proudest moment of your time at The Malvern School?

After 14 years at Malvern I have so many things that have made me feel proud! I'd have to say that parent feedback is a huge one. I love when parents come to me and tell me their child talks about me at home and says they love me.

What do you like most about our program or what do you think sets us apart?

I think Malvern sets itself apart by being a top notch preschool and always putting the children first. I also think the staff sets us apart as well! We in Erial have worked together for so long we truly are a family and that is a wonderful thing.

What do you enjoy in your free time?

I love spending time with my husband and two sons. It really does not matter where we are or what we are doing, just being together is what I love! I also love to see Robert Plant in concert whenever he is in town!

Any unique or fun facts about yourself?

I absolutely love all animals especially dogs and polar bears! My dream would be to own my own shelter to save any homeless dogs. Also swimming with a polar bear.

What is your favorite children's book?

The Giving Tree by Shel Silverstein
