What is the proudest moment of your time at The Malvern School?

I have seen many children grow as they have gone through The Malvern School. My proudest moments are when I see them outside of school all grown up!

What do you like most about our program or what do you think sets us apart?

I like how the company is always advancing in the industry. Examples would be Mrs. Bush's Story time, science and math fun days, STEAM, and even better competitive wages for their teachers.

What do you enjoy in your free time?

I teach children in China on the internet when I am not working at The Malvern School. I teach children 5-14 ESL through VIP kids and love every moment of it.

Any unique or fun facts about yourself?

I have been with The Malvern School for 15 years. All 3 of my children are Malvern School graduates!

What is your favorite children's book?

Dr. Seuss books!
