

FOR EARLY CHILDHOOD EDUCATION

Elizabeth Flad

Assistant Teacher

The Malvern School of Royersford

Since 2003

What is the proudest moment of your time at The Malvern School?

There were several years when Royersford couldn't be beat. We won all kinds of awards. Another one of my proudest moments was when I finished my CDA and when I was invited to a high school graduation of a student I had in one of my first classes.

What do you like most about our program or what do you think sets us apart?

I love the STEAM program. Kids love to get messy, discover new things, and tell their parents what they learned.

What do you enjoy in your free time?

My family and I love the beach. My sister lives in Ocean City, Maryland and we visit often. Both my children are in marching band. We love going to all the events they are in.

Any unique or fun facts about yourself?

I can find humor in almost any situation. It's usually making fun of myself.

What is your favorite children's book?

The Giving Tree by Shel Silverstein
