

FOR EARLY CHILDHOOD EDUCATION

Deb Jackson

New School Operations Manager

Executive Office

Since 2009

What is the proudest moment of your time at The Malvern School?

There are many proud moments for me as a Malvern School employee. As The New School Operations Manager, I'm so proud of my team that comes together to open each amazing school. However, I have to say my proudest moments happen outside of school. They come when I am at the grocery store, Target, or community event and I hear "Miss Deb!" Whether it's a child I currently have or one that has graduated, it's such a proud moment when they not only remember me but the fun we had!

What do you like most about our program or what do you think sets us apart?

I enjoy that our teachers have the freedom to build their curriculum around the needs of each child in their class and truly have fun with it. As a teacher, there is nothing better than having your students engaged and being able to explore those teachable moments.

What do you enjoy in your free time?

My free time is spent traveling to basketball games and track meets, doing endless laundry, and spending time with my two great danes. There's a lot of different personalities in my house, so there's never a dull moment. I wouldn't have it any other way!

Any unique or fun facts about yourself?

I really enjoy riding my motorcycle.

What is your favorite children's book?

Tough question - it's a tie between [The Very Hungry Caterpillar](#) and [Chicka Chicka Boom Boom](#).
